Mission

UPDATE THE WORLD

Unleashing the infinite potential of all people,
with the power of information technology

Vision

Mankind can be free and be in control.

Statement

To what extent can information technology unleash people's potential?
We are forever on a quest to find answers to this question.
The ability to quickly access information that we seek; to always obtain the things we want.
Moving ahead, what kind of future can we imagine, and what new knowledge will we create?
We will create a world where people can gain complete freedom and control by pioneering the future with dedication, enthusiasm and overwhelming technological strength.
