Sustainability Basic Policy/Management Structure

The Z Holdings Group is committed to fulfilling its social responsibilities and achieving sustainable development of the society and environment through ongoing dialogues with its stakeholders.

In order to fulfill its social responsibilities and to achieve sustainable development of the society and environment, the Z Holdings Group has established the ESG Management Committee which is presided over by the Group CFO (GCFO). The Committee promotes ESG measures and materiality issues in cooperation with each Group company (divisions in charge of CSR management, corporate matters, and business matters). The GCFO is committed to ESG-related issues and meets regularly with the Co-CEOs, and makes recommendations to the Top Management Committee and the Board of Directors as necessary.

Materiality and Mission

The Z Holdings Group established "Six materialities" in order to realize its mission: "UPDATE THE WORLD - Unleashing the infinite potential of all people, with the power of information technology." By addressing these issues, the Group will build a future with its stakeholders in which everyone can be free and be in control utilizing the power of the Internet with peace of mind.
